

## Domestic Violence and Abuse

**Are you a Mental Health Professional working in the South and East CCG?**

**Do you have a service user who is, or has been, a victim of domestic violence and abuse who would benefit from specialist DV&A support?**

**Rather than just giving service users a number to call, you can now refer them to our Community DV&A Response Team and we will contact them directly.**

**We are here to provide short term early intervention to male and female victims of DV&A whilst arranging appropriate ongoing support. This can include practical or emotional support.**

**We will meet people in safe community based locations or where necessary and safe to do so, in their home.**

**To find out more contact the team at Behind Closed Doors on:
